New AskSARA website could make life easier for you!

A new website has been launched in Warwickshire that shows people gadgets and solutions that can make life easier for them.

Called AskSARA (www.warwickshire.gov.uk/asksara), the easy-to-use website helps improve people's lives through a range of 'self-help' smart technology and associated services in Warwickshire – from automatic dispensers to reminder clocks, personal alarms and general equipment to help make daily activities so they can stay well for longer.
